Log Search DX Spots Live Stream by Club Log Documentation | Wrong locator?

2023-01-07 22:26:56 - Clublog is running now. Few QSO's is missing and Internet is not stable. So wait always for the upload.

Hier kann man live sehen, welche Bänder und Mode aktive sind, so auch welche Station gerade geloggt wurde. Eine wunderbare und gute Sache, um Doppel-QSOs zu vermeiden

Hier den Link zum Live-Stream <https://clublog.org/livestream/tn8k>

Gibt man bei Clublog sein Call ein, öffnet sich folgende Darstellung:
